TECHNICAL DATA SHEET

February, 2007

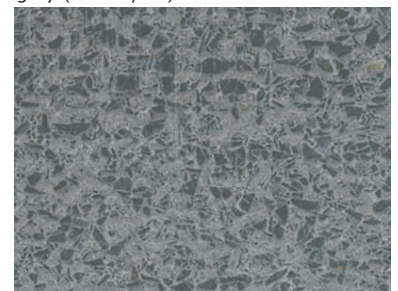

Product:	Litracon TM - Light Transmitting Concrete
Inventor and patent owner:	Áron LOSONCZI, M.Sc. Architect
Manufacturer:	Litracon Bt Tanya 832 H-6640 Csongrád HUNGARY - EU
Our VAT no.:	HU 21944895
Form:	prefabricated blocks
Ingredients:	96% concrete, 4% optical fibre
Density:	2100 - 2400 kg/m ³
Maximum block size:	600 x 300 mm
Standard block size:	600 x 300 mm
Thickness:	25 - 500 mm
Colour:	grey, black or white
Fibre distribution:	organic
Finish:	polished
Compressive strength:	50 N/mm ²
Bending tensile strength:	7 N/mm ²
Special requests:	custom-made products (different block sizes, thickness, colour) available on request

white (Cserhát C/D4)

grey (Duna C/D4)

black (Balaton C/D4)

organic distribution of fibres
